

Connecticut State USBC Association 2019 Scholar of the Year Awards

Brett Stater

I currently live in Torrington , CT. and will be graduating from Torrington High School as the valedictorian of my class this year. I am enrolled at the University of Connecticut as a Biology major on a Pre Med track this fall.

My goal is to become a doctor, more particularly a surgeon. I am unsure as to which specialty I will end up in, but my goal is to be able to help others and make a difference as well as have a career that is challenging and fulfilling.

My hopes after becoming a doctor are to use the skills and knowledge that I acquire to help serve any community that I belong to. I am interested in working on making sure that we create an equitable level of care to all individuals in need and not just those who can afford to pay for any healthcare that they may need.
