

**2021 CT State USBC Association
Scholar of the Year
Marelys Santos**

I am Marelys Santos and I am a graduate of Orville H. Platt High School in Meriden, CT. I signed up for this scholarship because my mother is a USBC sanctioned bowler and thought I should fill out this application, and hoped I would be approved for it. I am glad that I was able to win this scholarship because it will help me financially with my school supplies like books, a laptop, and many other things needed to help me continue my education. During my four years in high school, I have volunteered in several projects, such as Daffodil Festival, Durham Fair, and the Back Pack Expo, packing needed supplies and distributing backpacks throughout the community. I have also taken part in the Civil Air Patrol and Police Cadets. I am looking forward to attending Quinnipiac University to study in their physical therapy program. My goal is to receive my doctorate degree in physical therapy.
