

Hello Bowlers,

It is that time of year again where the new winter season is upon us. I want to wish everyone a good season this year. I want to reach out to all the bowlers in Connecticut and let them know that there will be changes coming to the CT State USBC association.

If you have bowled in our Open tournament, you will have noticed that there has already been some changes made to the tournament format, have they all worked, no but it is a work in progress. There are more changes coming, all in all to help improve your tournament bowling experience.

With that, there are other changes on the horizon, whether it is with the youth scholarship, Hall of Fame, and Bowler of the year, right now everything is a work in progress. What I am asking for is some help from our local associations. I am looking forward to having an open dialogue with the President's and Association managers of all the local associations, that way we can all be on the same page and work together to help grow this great sport in this state of ours.

If anyone has any questions, comments or suggestions, please feel free to contact me at jtur737665@aol.com and I will do my best to make sure everything is answered or taken care of. Again, I hope everyone has a good season.

Thank you
John Turgeon
CT State USBC President
